My dear Dr Robinson,

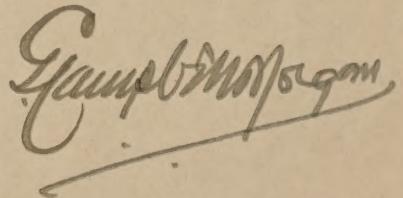

Thank you for your letter under date August  
10.

I have no vacant dates whatever during the  
time you name, all my engagements being made up to  
Easter. It will be impossible therefore for me to  
serve you in the way you ask, much as I should like to  
do so.

With very kind regards,

I am,

Sincerely yours,

Rev. Stewart M. Robinson,  
Pastor, 2nd Presbyterian Church,  
Elisabeth,  
New Jersey.

Dear Stewart,

I was delighted to see in one or two church magazines recently the fact that Tusculum College had granted you the degree of Doctor of Divinity. It is well deserved I know and I rejoice with you in this new honour.

I am afraid that I have never written you since your leaving Lockport. The fact is that I have been so busy the last year that my private correspondence has had to suffer a great deal, the letter head herewith will give you an idea of one of the duties which during the past few months has been taxing my energy. It was a matter of keen regret to me, as I wrote to Miss Douglas at the time, that you should be leaving Lockport. It seemed to me that while at Home on furlough we had established an ideal relation with one another, and one that I am afraid will not so readily be established with a new minister in the Lockport Church. Since you left I have felt very much at sea with regard to corresponding with the Lockport Church. As a matter of fact about all I have been able to do has been to write an occasional letter to either Miss Douglas or to Mr. and Mrs. Rogers. I have not yet heard whether they have been able to secure a new pastor or not.

As this is a hot weather with us in India, my family are spending a larger part of the season in the hills. I have myself been granted an extra month's leave for work on Greek Manuscript. I expect to leave tomorrow for the hills to undertake this work.

I am sending you herewith a copy of the paper which we are publishing as the Organ of the United Church of Northern India. With the December issue we hope to change the paper considerably as to form and material and even in name. We are hoping to be able to appeal to two constituencies - Indian and Foreign. The United Church possess a territory in which some eight or ten missions are at work, all of them widely interested in the life and

growth of the United Church. These are American, Canadian, Scotch, Irish, Welsh and possibly other in nationality. I shall again send you a copy of the paper when it appears in its more attractive form in December. If you think that any of your Church people will be interested in securing a Magazine directly from the Mission Field of a distinctly conservative type, I shall be glad to send you any number of sample copies which you may be able to use.

Kindly remember to Mrs. Robinson and the kiddies and with kindest regards and prayers for your work in a new field.

Cordially yours,

Elizabeth, New Jersey.

My dear Dr Robinson,

On arrival here last night I found your letter of August the 16th awaiting me. Many thanks for the same.

I will put your letter on file, and will communicate with you if I see any opportunity of coming to Elizabeth.

I think however that it may be as well to tell you that most of my arrangements for work in the East are being made for me by Rev Russell Taylor Smith D.D. of 2614 West Montgomery Avenue Philadelphia Pennsylvania, and it might be worth while your writing to him, saying, if you like, that I have suggested that you should do so.

With very kind regards,

I am,

Fraternally yours,
